VOL. 23. PLEASANTON, ALAMEDA CO., CAL., APRIL 6, 1907. NO. 32

Breyman Lisander Crittenden

Breyman Lisander Crittenden was born in Otis, Birkshire Co., Massachusetts, May 9th, 1836 and died in Pleasanton, Alameda Co., California, March 17, 1907. Mr. Crittenden had a goodly heritage, coming as he did from a stalwart and devout New England family.

When he was but three years old, his parents moved to Brunswick, Medina County, Ohio. His father John Crittenden was a farmer and cattle dealer. In the fall of 1856 he set sail for California, by way of the Isthmus of Panama and after an arduous trip he landed in San Francisco, where he met his older brother, John Leander Crittenden, who preceded him, having crossed the plains in 1850. With this brother he entered the gold mines in Calaveras County, taking up claims of his own and also working for the tempting wage of those days. He was strong of stature and a man of great endurance. To avoid the dangers of passing a hazardous mountain trail at night, and the treachery of the Indian he once walked forty miles alone in one day to reach camp. He did not continue many years in the mines, but with his brother he went into the farming districts of the San Ramon, San Joaquin and Livermore Valleys, where he conducted and owned quite extensive grain ranches. For over thirty years his home has been on his place near Pleasanton, though at his death he owned land near Newman, Merced County, California.

Like many of the early California pioneers, Mr. Crittenden never married. He leaves a sister, Mrs. Harriet A. Page of Palo Alto, a brother, Samuel O. Crittenden of San Jose, formerly of Newman and many nieces and nephews who survive him. Although he had no wife and children he never forgot to be a loving and helpful brother, a generous and affectionate uncle. His sociable nature, his kindness of heart, his business integrity, won for him many warm friends throughout the state He has long been a member of the Ancient Order of United Workmen. He gave of his means to charity and reform movements, and for many years, and up to the time of his death he was a trustee of the Presybterian Church, to which he gave financial support. In 1897 he was overcome with a stroke of paralysis, from which he recovered so that he could attend his business, which he did until six years ago, when he was stricken again. From that time he was feeble in health. Through his long period of affliction he was never heard to complain, but kept up the best of courage. His funeral was held in the Presbyterian Church of Pleasanton, March 20th, 1907, after which he was laid to rest in the cemetery on the crest of the hill overlooking the home and the little town so dear to him.

"Behold the western evening light!
It melts in deeping gloom:
So calmly Christians sink away,
Descending to the tomb."

"The winds breathe low, the weathered leaf
Scarce whispers from the tree:
So gently flows the parting breath,
When good men cease to be."

"How mildly on the wandering cloud,
The sunset beam is cast:
Tis like the memory left behind,
When loved ones breathe there last."

"And now above the dews of night,
The rising star appears:
So faith springs in the heart of those,
Whose eyes are bathed in tears."

"But soon mornings happier light,
Its glory shall restore:
And eyelids that are sealed in death,
Shall wake to close no more."

"Saturday Afternoon 500"

E Hall carried off the first prize, a beautiful cut glass salt and pepper bottles, with a score of 4320 and Mrs. Clark the Booby prize, a small cup and saucer. The decorations were Easter lilies. Refreshments were served in the dining room; cake and chocolate.

Those present were: Mrs. Low, Mrs. DeRyder, Mrs. Dakin, Miss Dakin, Mrs. Clark, Mrs. Twiss, Mrs. James Hall, Mrs. Hammett, Miss Walton, Mrs. Ellingwood, Mrs. Cope, Mrs. Geyser and Mrs. Hall.

Escobar-Silva

On Wednesday morning at 10 o'clock Antone S. Escobar and Miss Mary Silva were married at St. Augustine's Church, Rev. Fr. McAuliffe officiating. Mr. and Mrs. Frank Pine acted as best man and bridesmaid, and after the ceremony the party were driven to Livermore, where the services of a photographer were secured. The return trip was soon made, and a sumptuous dinner was indulged in, and later dancing was enjoyed.

In the evening a large number of friends called to offer their congratulations, and judging from the noise of fireworks, tin cans, etc., had a fine time. It is reported that some of the offerings also caused considerable amusement.

Mr. and Mrs. Escobar have taken up their residence in Mr. Escobar's house on Vineyard Ave.

I. D. E. S. Dance

The dance given last Saturday evening by the I. D. E. S. at Nevis Pavilion was a successful affair in every way. This was the first dance since the new floor has been laid, and the dancers enjoyed themselves until a late hour. Rigg's Orchestra furnished good music, and the supper, furnished by the ladies of the society, did them great credit, and was enjoyed by all.

W. C. Powell of Rushville, New York, is visiting his brother Charles Powell of Santa Rita. Mr. Powell is so favorably impressed with California that he expects to make the Golden State his home.

BITTEN BY A SPIDER.

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Tex., would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores" Heals every sore. 25c at T. H. Silver druggist.

Disasterous Fire

A fire occurred at the race track shortly after two o'clock on Tuesday morning which unfortunately destroyed four good horses, three of them promising much for the future, and one a useful prompter.

Three of the horses were the property of Thos. Ronan: Roy, the prompter; Phalma, a brown mare sired by Alexis; and Anona, by Arrannox, he by William L. George, the fourth horse, was the property of George Mitchell, Mr. Ronan's nephew.

The stable, which contained fifteen head of horses nearly all the property of Mr. Ronan, seems to have been burning long enough for the fire to take a firm hold before it was discovered as it was with difficulty that eleven horses were turned loose. Some of these ran toward town and were brought back later bearing the marks of slight burns.

The fire department turned out and suceeded in keeping the fire to the one building, but could not have done that had an unfavorable breeze prevailed, as the water supply was very small.

Mr. Ronan, who slept in a building not far from the stable, heard an unusual noise as of cracking timbers, and upon looking out saw the reflection.

T. D. Hellar saw the blaze from town and fired the al immediately.

Mendonca-Anselmo Wedding

J. C. Mendonca, Jr. and Mary V. Anselmo were married on Sunday morning at seven o'clock a St. Augustines church by Rev. Fr. McAuliffe. The ceremony was witnessed by Mr. and Mrs. John Mendonca, at whose house the wedding breakfast was partaken of before the newly married couple took their departure for San Francisco. On account of the train being stopped by the slide in Niles canyon, the couple were taken to Hayward in John Thiessen's automobile.

Mr. and Mrs. Mendonca returned on Tuesday evening and took up their residence in a cottage on Spring street, where a large number of friends called upon them at a late hour to offer their congratulations.

In these congratulations many more join, and wish the happy couple success throughout a long life.

Brick Maker's Union

The Brick Makers' Union held its regular semi-annual meeting at the Odd Fellows Hall on Friday evening of last week The Union was honored by the presence of J. B. Bowen, business agent of the Building Trades' Council of Alameda county. The principal business transacted was the raising of the scale 12½ per cent on the different grades of wages. Frank Pine was again elected president, having held the position for three years.

Attend the Encampment dance on Friday evening at Nevis Pavilion. Brohaska's orchestra.

Burbank's Famous Painting

It will, no doubt, be of interest to old residents of Pleasanton to know that James M. Burbank's great water color, "The Angel Delivering Daniel," is now on exhibition in Los Angeles.

After Mr. Burbank's death the picture was sold to Daniel H. Carpenter who now values it at $100,000.

The picture covers 240 square feet and has seven lions, life size, painted from life each with a distinct individuality. The half concealed form of the angel in opalescent clouds is pointing up to the Source of all Light, and the Prophet, Daniel, in a kneeling posture, is looking up with devotion and love; knowing his divine protection he manifests no fear.

Mr. Burbank painted the lions from those in the Zoological Gardens in London but retouched the picture here in Pleasanton.

MRS. E. M. SCHAAD

The Easter Cantata

A cantata entitled "The Risen Lord" was given by a choir under the direction of Mrs. A. Bannister on Sunday at the Presbyterian Church, at both morning and evening services. The composer has arranged the music in such a way that the singers tell the story in a very clear and effective way, and the choir had been trained so that the expression was good throughout.

The work of the choir, the personel of which appeared in last week's issue of the Times, has been such that any musical work they may give in the future will be anticipated with pleasure.

PIANO TUNING

H. F. Deaner of Oakland, the well known tuner of Pianos is now in Pleasanton. Being detained in Marysville on account of the flooded condition of the country and destroyed railroad service he could not get here on the 20th as advertised. A previous engagement necessitaties his going to Oakland Saturday but will again return on the 18th and remain until all work is completed. In the interval continue to leave your orders with T. H. Silver, the Druggist.

HOBOS, BEWARE!

A man named Murphy, charged with drunkeness and disorderly conduct, was sentenced by Justice Quinn on Monday to five days labor upon the streets. This is a departure from the former method of simply jailing them. The town stands ready to equip prisoners with the necessary implements for improving the streets so that they may improve the shining hours while they are waiting.

"PNEUMONIA'S DEADLY WORK

had so seriouely affected my right lung," writes Mrs. Fannie Connor, of Rural Route 1. Georgetown, Tenn., "that I coughed continuously night and day and the neighbor's prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak, sore lungs." When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the REAL CURE. Guaranteed by Thos. H. Silver druggist, 50c and $1. County Institute a Success

The Alameda County Teachers Institute held at Idora Park this week was one of the best held in the county for years. Supt. G. W. Frick has every reason to congratulate himself upon both the musical program selected and the Institute Lecturer, Richard Gauze Boone. Not For years have the teachers enjoyed the privilege of listening to a man in whom is combined so many traits that go to make an interesting and yet a profound speaker. Dr. Boone is not only eloquent but he is safe and sound. There is no question but that his appeals to the teachers met with a ready response. The great drawback after all is the "system." After all is said and done at Institute the teachers go back to their class rooms and find the same old course of study, the same old outlines to follow, the same system of promotion and examination, and the same standards by which their success or failure is to be measured and as a result they must fall back into the same old daily grind.

Unless our Superintendents and Boards of Education can be made to lead in the efforts to educate and not simply train children, the teachers are comparatively helpless. This year our County Board will adopt a new course of study and we sincerely hope that many of the mummies of the course may be removed. It can and ought to be pruned severely. We have believed for years that the habits of the child are more essential than the knowledge he gains at school. Our children should be educated to do things for themselves. Less ground covered and that covered in the right way is more essential than a mere smattering of many things gained by parrott like methods.

Assemblyman Strowbridge deserves credit for being mainly instrumental in securing the passage of quite a number of very important legislative measures. While none of us perhaps would have entirely agreed with him or for that matter with one another in our votes, yet we can see that behind all his votes there has been a steady purpose to promote the passage of measures which he believed to be for the best interests of the State. Having a number of measures which he was actively and aggressively promoting, it was impossible for him to assume the independent, negative air of one who has no measures of his own at stake. In the legislature as everywhere else, a man finds himself obliged to give if he expects to get. While it is true and also unfortunate, yet it is a condition which the ordinary legislator must face.

Applications for locations have already been received. The new owners will have the property thoroughly plotted and extensively advertised.

Arrangements are now under way for an opening day. Somewhere on or about May 1st will be selected as the time to "set the ball rolling." A gala time will be had, an open air barbecue, music, and a general holiday may be looked for, special trains will bring purchasers of the lots from Oakland and San Francisco. All the people of Washington township will be invited to join in the celebration.

HOME HORSE NEWS

W. A. Clarke is spending a few days of this week in Pleasanton with his horses.

Mr. Wright of Santa Rosa who has a 3-year-old filly in training here came to town Wednesday. Mr. Wright's filly is by Sidney Dillon and from the dam of Sonoma Girl and is a very handsome animal.

Doc Boucher has Derbertha 2:07¾ looking fine and is beginning to let her step some to get the great mare ready to race in the East again this summer.

Mrs. Henry Hahn, who is a great lover of horses, was at the track Thursday. Mr. and Mrs. Hahn have horses in training here.

Dr. Evans and wife of Modesto, who have horses in training with Henry Hellman. were in town Tuesday.

Mart Rollins of Santa Rosa, owner of the good trotter Charles Belden 2:08½ that DeRyder raced over East last season, is spending a few days at the track.

John Treadwell and party of friends took a run up to Pleasanton last Sunday.

Mr. and Mrs. Burke were at the track last Saturday. Mr. Burke got up behind some of his horses and stepped around the ring.

One ot the attractive trotters at the track is the green horse Dyke by Allerton, that Charlie DeRyder is training. It is said Dyke worked miles in 2:13 last year.

George and Will Meese of Concord who own some good ones were in town Sunday.

John Treadwell's trotters Charlie T. 2:11¼ and Sir John arrived at Pleasanton last Saturday in charge of Wallie Mendenhall. Both these horses raced over East last year.

Capt. Williams, a breeder of fine horses from San Mateo, who has horses in training with DeRyder, was at the track this week.

George Helman has been handling George Perry's string during Mr. Perry's absence of a few days. Mr. Perry has a number of pacers that can step down the stretch pretty close to a two minute gait.

Joe Cuicello's two-year-old pacing stake filly by Zolock 2:05¼, that he recently paid $1800 for at the Coffin sale, stepped a half in 1:09 and the last quarter in 33½ seconds.

Mr. Garrity drove a two year old pacing filly by Highland C. a quarter in 34½ seconds pretty handy several days ago.

Mr. Sutherland drove a 3-year-old Searchlight colt dam Ruth C. 2:20, by Guide 2:16¼, that belcngs to Lou Crellin several easy miles in 2:25 this week. This colt has been broken to harness and gaited since November and can step quarters in 33 seconds. The colt has all the racing qualities and is bred to stay. On account of having a number of others growing up Mr. Crellin will sell this one for much less than his real value.

The following is from the Oakland Herald: Elias Williams, for forty years a resident of California and widely known as a trainer of trotting horse, died April 1st at his home near the speed track at the north end of Sherman street. He was a native of Wales, sixty-eight years of age, and is survived by his wife.

DOING BUSINESS AGAIN

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by T. H. Silver druggist. 50c.

Supervisors Proceedings

Protests against the granting of a license to M. Martin of Sunol resulted in it being withdrawn. A new application will be filed next Monday.

Liquor licenses were granted as follows: S. Hansen, Centerville; J. B. Bernard, Fernbrook Park.

The following applications for liquor licenses were filed: Peter Quartaroli, Niles; John Henningsen, Alvarado Hotel, Alvarado. Publication was ordered.

The following protest was filed at the last meeting of the Board of Supervisors against the so-called Niles sewer:

"Dear sirs: The undersigned respectfully protest against the laying of a sewer from the subway under railway track at Niles, emptying into Alameda creek, as same will be an offensive nuisance, spreading from the outlet near the bridge down stream, when water is low and running slowly in the creek, and when the creek is dry it will cause a stagnant sewage and remain on the surface of the bed of the creek and be a constant menace to health during the dry season. If this sewer was solely for draining the subway we would have no objection, but we learn that it is to be a sewer for general use of the drying establishment and the pump works which is being constructed, as well as several private families, all of whom could easily dispose of their sewage by means of cesspools as this ground is all over the well-known Niles gravel cone, affording ample seepage of sewage matter.

"Trusting that you will not permit the laying of this sewer and will thus avoid perpetrating a great nuisance upon the neighborhood and to all the people along the creek. We remain, very respectfully, W. H. Ford, J. C. Shinn, D. M. Sanborn, Mary Jessie Sanborn, Helen C. Ford and Jane R. Clough."

President Mitchell said that the understanding was that the sewer should carry only flood water. "Of course," he added, we cannot allow sewage to be drained so as to pollute the waters of Alameda creek below the outlet."

It was agreed that the applicants for the sewer should be notified that the protest would come up for hearing next Monday at 10 a m.
